6. Kindergarten Registration and Enrolment Process

6.1 Summary of Registration and Enrolment Process

6.2 Kindergarten Eligibility

In Victoria, children are eligible for two years of funded kindergarten, directly prior to school entry. Funding is provided by both State and Federal Government.

Parents/guardians of children born between 1st January and 30th April can elect to commence their child's two years of funded kindergarten in either, the year they turn 3 or the year they turn 4. As per the *Kindergarten Funding Guide*, once the kindergarten year has commenced, i.e., the child has started kindergarten, it is not permissible to change the year of attendance.

Three-Year-Old Kindergarten

Funded three-year-old kindergarten commenced in Cardinia Shire in 2022. Children are eligible for one year of funded three-year-old kindergarten under the Victorian Government's funding guidelines. To commence three-year-old kindergarten, children must be three years of age by the 30 April in the year they are to attend. Due to the National Quality Framework minimum educator to child ratio, children must be three years of age before they can attend their first day of kindergarten. Children who turn three between the start of Term 1 and the 30 April, will have their kindergarten place held until they are three years old. No kindergarten fees will be charged during this period of time.

Four-Year-Old Kindergarten

In accordance with the Victorian *Kindergarten Funding Guide*, a child is eligible for one year of funded four-year-old kindergarten. All children must be four years of age by the 30 April in the year they attend. Eligibility for a second year of funded four-year-old kindergarten is subject to assessment of a child showing delays in learning and development outcome areas in the Victorian Early Years Learning and Development Framework (VEYLDF) and when:

- the kindergarten program is deemed to be the most appropriate learning program and
- the child will achieve better outcomes at kindergarten than if they go to school.

Where a second year of kindergarten is being considered for a child, an assessment process must be carried out by an early childhood teacher. This assessment process may also include input from other professionals e.g. Preschool Field Officer, Maternal & Child Health Nurse, Speech Pathologist, Occupational Therapist etc.

6.3 Kindergarten readiness

Families are encouraged to carefully choose the year their child will commence accessing their two years of funded kindergarten. Once a child accesses funding by commencing, they are expected to complete that full year of kindergarten. Children can only access one year of funded three-year-old kindergarten and then move the following year to access their one year of funded four-year-old kindergarten. Strict criteria applies for a child to be eligible to access a second year of funded four-year-old kindergarten (refer Kindergarten Eligibility section 6.2).

Advice can be sought from professionals such as Maternal & Child Health Nurse, GPs, current educators, or allied health specialists working with your child.

6.4 ‘High priority’ children and families – Priority of Access Criteria

Cardinia Shire Council supports the Department of Education and Training (DET) policy direction that prioritises the inclusion of children through the Priority of Access Criteria within the *Kindergarten Funding Guide*. High priority children under the criteria include:

- Children at risk of abuse or neglect, including children in Out-of-Home-Care;
- Aboriginal and Torres Strait Islander children;
- Asylum seeker and refugee children;
- Children eligible for the Kindergarten Fee Subsidy and;
- Children with additional needs as defined by DET’s *Kindergarten Funding Guide* (refer below).

Families that demonstrate they have a child in one of these categories will be allocated to a kindergarten program as a high priority.

6.5 Children with additional needs

Cardinia Shire Council has a commitment to ensuring that kindergarten services are accessible to all children. We recognise that every child has individual needs, abilities, and interests. Children with additional needs are defined as children who:

- require additional assistance to fully participate in the kindergarten program
- require a combination of services which are individually planned
- have an identified specific disability or developmental delay.
- Children with a diagnosis or undergoing assessment may be eligible to receive funding through the Kindergarten Inclusion Support Scheme. These funding applications are completed by the child’s Early Childhood Teacher.

A Preschool Field Officer provides services as part of the government’s commitment to support the inclusion of children with additional needs in a kindergarten program.

7. Registration and allocation criteria

Cardinia Shire Council provides a Kindergarten central registration process to ensure all children within the Shire have fair, equitable and transparent access to kindergarten. A child can be registered using the online portal from birth.

Processing of registrations will be on hold from 30th June each year until first round offers have been allocated. Any new registrations received after June 30 will be included in subsequent allocations. Children will be placed as per the Allocation of Preferences (section 7.1).

The following processes apply when selecting preferences:

- Preferences for 3 and 4-year-old kindergarten should be listed in order of preference on the registration portal. A minimum of 3 preferences is required.
- If a parent/guardian chooses to nominate one preference only and the nominated kindergarten has no vacancies, the child's name will remain on the kindergarten wait list (even if there are vacancies at other kindergartens).

In accordance with the DET *Kindergarten Funding Guide*, the following children are eligible for two years of funded kindergarten:

- Children who are three years of age or older by 30 April in the year they are to attend Kindergarten are eligible to commence their first year of kindergarten (three-year-old kindergarten). Proof of birth is required on application.
- Children who are four years of age or older by 30 April in the year they are to attend Kindergarten are eligible to commence their second year of kindergarten (four-year-old kindergarten). Proof of birth is required on application.
- Children turning six years of age in their year of kindergarten who have been granted an exemption from school entry age requirements by their regional office of DET. Approval does not guarantee access to primary school the following year.
- Children who are younger than the eligible age, but whose parents/guardians have submitted a written request to their regional DET office and have been approved for their child to attend kindergarten the following year (*Early Entry to kindergarten*).

Note:

For children born between 1 January and 30 April, parents have a choice as to whether they commence school in the year they turn five, or in the following year, and therefore whether they commence their two years of kindergarten in the year they turn three or the year they turn four (*page 43, Department of Education and Training, Kindergarten Funding Guide*).

7.1 Allocation of preferences and order of priority

Cardinia Shire Council ensures that the allocation of kindergarten places is conducted in a fair, equitable and transparent manner. When allocating places, the order of priority is:

1. Children identified by educators as requiring a second year of funded 4-year-old kindergarten.
2. Children identified as high priority children (Section 6.4) as outlined in the current Department of Education and Training *Kindergarten Funding Guide*.

3. Remaining registrations are prioritised in accordance with the Weighting Points (section 7.2). A computer-generated selection process is applied to all registrations. The computer will randomly allocate offers to applicants who hold equal points.

7.2 Weighting points

The following priority weightings will be applied to each registration received for the relevant kindergarten(s):

- 50 points - Resident/ratepayer of Cardinia Shire
- 25 points - Proximity to kindergarten
- 10 points - A demonstrated link to your preferred kindergarten; siblings previously attended, currently attending pre-kindergarten at that centre; personal involvement e.g. committee member, family history with kindergarten

The following priority weightings will also apply for eligible families when selecting group sessions in the year prior to attending:

- 5 points - Work/study commitments
- 2 points - Access to transport
- 2 points - Other childcare arrangements

Registration for Kindergarten is available from birth. This notification will be sent in May and preferences need to be updated by 30 June to be eligible for first round offers.

Kindergarten timetables for the following year, will be posted on Cardinia Shire Council's website in May of each year. Kindergarten allocations and offers to families will commence in August for funded 4-year-old kindergarten and September for 3-year-old kindergarten.

Lists of placed children for 4-year-old funded kindergarten will be forwarded to all Early Years Providers in September followed by subsequent lists as per the kindergarten allocation timeline.

All kindergarten allocations and places are offered by Cardinia Shire Council on behalf of the community run kindergartens (see section 2.1).

Offers will be provided to families in August for 4-year-old kindergarten programs and in September for 3-year-old kindergarten programs. Families who are unable to access the online portal will be contacted via SMS to respond to offers.

Families will need to respond to the offer online by making one of the following choices:

Accept – If you wish to accept the group session that has been offered.

Accept and Wait – If you wish to accept the group session that has been offered and remain on the wait list should a vacancy become available at a higher preference.

Decline – If you wish to decline the offer but remain on the wait list for future vacancies for your preferred group session (please note this option does not guarantee a place).

11.2 Offer Rounds

First round offers:

- 4-year-old funded kindergarten – on or before the second Monday in August

11.3 Waitlists

Despite growing demand, there will always be enough kindergarten places across all the Kindergartens in Cardinia Shire. Every effort is made to offer a place at the preferred kindergarten, but this is not always possible.

The following process applies to the waitlist for when a vacancy becomes available:

- places are allocated as per the Kindergarten Central Registration Policy and Procedures,
- we are unable to tell you where your child is on the waiting list, as the waiting list is constantly changing,
- if you are on the waiting list, we will only contact you if a place becomes available,
- if you have declined an offer you will automatically be placed on a waiting list for your higher preferences,
- if you have only listed one preferred kindergarten, or we are unable to offer you any of your other preferred kindergartens, we will attempt to offer your child a place at the next closest kindergarten with availability,
- if you would like to be removed from the waitlist, please let us know.

11.4 No response to offer

Where no response to an offer of placement is received by the Kindergarten Central Registration Officer within the specified timeframe of two weeks, a courtesy SMS and/or telephone call will be made prior to the child's place being cancelled and reallocated.
