## **Cardinia Shire Council Does your dog want to be here?**

## **Great!** Stay and have fun!

Sharing toys

Wiggly lose body and a smiley face Wagging tail

It is very important as a dog owner that you look out for signs that your dog is uncomfortable. Let's keep this area safe and fun for all users to enjoy.

## Maybe try a different activity...

If this dog off-leash area has a 'quiet zone,' give that a go, if not, try one of these activities: • Long walk along a quiet path or trail • Re-visit when there are less dogs here • Try some behavioural training

Ears are flattened and avoiding eye contact

Seems anxious and nervous around dogs and people

**Playing too** rough

Ignoring your commands

Growling

Playing chase with aggression

Barking repetitively
