Question	

Question	<p>Ref. Feb 3rd planning meeting.  C250 planning ammendment.  In the to item 6 in the table.  The recommendation was: -  "Seek to include policy to allow for the possible future upgrade of Lakeside Boulevard Neighbourhood Activity Centre to a Major Activity Centre, as contemplated in the Cardinia Road Precinct Structure Plan.  Not supported.  There are a number of development opportunities in Pakenham and Officer Major Activity Centres, and so at this time, this is where major development opportunities are being directed."  Will council provide opportunity for the Lakeside community to have a say in the officers and Councillors rejection of the Lakeside Boulevard neighbourhood being identified as a Major Activity Centre?  I believe that the arguments for denying this classification should be subject to public scrutiny, either by consultantion process or a panel hearing with stakeholders. This decision could deny the shopping precinct, the right and ability to improve the current and future facilities.  A decision on such a significant matter should be sufficient to warrant input from the community, rather than an Council Officers opinion.</p>

Questions for the Council Meeting 18<sup>th</sup> February.

To Cardinia Shire Council.

1. As a violent physical attack has left him after many years no longer able to do early morning cleaning of the main street in Pakenham as the man is now permanently disabled. What is now being done by Cardinia Shire Council in the area that he looked after so well for so long without any payment?

2. There are increasing number of people coming into the Pakenham main street shopping centre. Is anything being considered to provide location of public toilet access in the main street as many people are commenting and complaining about the absence of such facility being available.

Mama Rosa Cafe

Question for Council Meeting 18<sup>th</sup> February 2020.

Mayor, Councillors and Responsible Officers,  
Cardinia Shire Council.

1. With regard to the areas of Green Wedge in Cardinia Shire, what areas have been already rezoned, if any, and what others are being planned for rezoning where there is to be future development. Are there maps available for community interest, please? In City of Casey there is quite sharp increase in application for places of worship and schools in the Green Wedge, and is this likely in Cardinia Shire as rapid urban and commercial development continues?
